

" # 7 h ° 8 .

Expand your skills and increase your career potential with a strong foundation in business fundamentals, technology, management, and marketing taking one class at a time with a cohort of fellow learners! Take the first step toward a two or four year degree. All courses in the Business Certificate count toward Riverland's Associate in Science (AS) Business Degree.

h 8

If you can answer yes to all the following statements, then FlexPace is an option you should consider. First, you should consider the regular Business Certificate program.

- Work full time and cannot attend traditional classes
- Willing to commit time each week to studying and completing course activities
- Want to advance my career or move into another position
- Committed to a fast paced learning environment
- Am a motivated, disciplined individual and a self-starter
- Will enroll in the eight courses included in the FlexPace program

O This program is offered online only with Fall starts.
